

October 2020

Dear Parents & Carers

The online world poses an ever-increasing risk to children and it is important that schools, parents and carers work together to take an active role in teaching children and young people about online dangers and how to act safely when using the internet.

We have a series of safeguarding and support services links on our website that you can access via the home page, and I would like to draw your attention to the Parent Info service in our online safety section. Parent Info is a collaboration between Parent Zone and CEOP that aims to provide parents and children with help and advice in a digital world.

It can be accessed directly via the following link, where you can register for free and gain the most up to date support from leading experts and organisations.

<https://parentinfo.org/>

The aim is to help empower you and your children with the knowledge and skills to be safe whilst online.

Yours sincerely,

Marcus Philpott
Assistant Vice Principal
