

Dear Scholar/Families

This year has been another tough year with further COVID restrictions and lockdowns. Many of you have shared your disappointment at exams being cancelled and we sympathise with you.

Coronavirus has continued to take the world by storm impacting on individuals and families. It is important we continue to follow Government advice and with this in mind we need to plan our results day differently again this year. All scholars have been allocated a timeslot based on an alphabetical surname split to attend the academy on the 10 August.

With this in mind, we need to plan our results day. All scholars will be able to collect their results between 8:30am – 10:00 am on the 10 August.

8:30am – 9:00am A – H
9:00am – 9:30am I – R
9:30am – 10:00am S - Z

Staff will be available to support and assist in helping the smooth operation of the results day process.

All scholars are to attend via the main reception (Rhodesway), you will be asked to sanitise your hands. You will enter the building and collect your results from, the designated collection points. Unfortunately, we can only accommodate scholars in the building however families are welcome to wait outside should they wish to do so.

I understand some of you may choose not to come into the academy, if this is the case your results will be posted to you but please do get in touch with the Post 16 team so we can capture destination data for you.

In the meantime, thank you for all you have contributed to the academy. Have a peaceful and restful summer. Please keep yourselves and family safe by following advice and we will see you on 10 August

Yours sincerely

C Skelding
Executive Principal
