Progress 8 and Attainment 8 are two measures that schools will be judged against from 2016.

Progress 8 is based on students' **progress** measured across eight subjects:

- English;
- Mathematics;
- Three other English Baccalaureate (EBacc) subjects (sciences, computer science, geography, history and languages).
- Three further subjects, which can be from the range of EBacc subjects, or can be any other GCSE or approved, high value arts, academic, or vocational qualification.

Attainment 8 is the students' **average** achievement across these eight subjects.
