

Can you give a bear a hug?

Key Facts

Through our core story 'Goldilocks and the Three Bears' we will be learning the following facts:

- Polar bears live in the Arctic.
- Polar bears are endangered. This means soon they might all be gone, like the dinosaurs.
- Bears live in countries all across the world.
- The Arctic is a very cold place, covered in lots of ice.
- Polar bears use the ice to hunt.
- Global warming makes it difficult for some bears to hunt and affects their habitats.

Key Vocabulary

Through our core story and other learning, we will learn and use the following words:

- Cub- A baby bear is called a cub
- Forest- An area where there are lots of trees
- Habitat- A place that an animal likes to live, because it has the right food, the right temperature and the right weather
- Marsuipial- An animal that carries their babies in a pouch
- Arctic- The most northern part of the world, where the polar bear lives
- Temperature- How hot or called something is

This is a brown bear. They live in Canada and eat salmon.

This is a black bear. They live in North America and love to climb trees.

This is a panda. They live in China and eat lots of bamboo.

This is a polar bear. They live in the Arctic. Polar bears actually have black skin!

This is a koala. They live in Australia and are not a bear at all! They are marsupials.

Home Learning Ideas

Download the 50 Things to do Before You're 5 app for lots of exciting, open ended, screen free ideas for play!

Here are some activities you can try that help support our learning this half term!

#47 - Great Bradford Baking

Cooking with your child encourages them to eat healthily and may broaden their diet. It provides lots of opportunities to develop language and mathematical skills through reading, sequencing, weighing and measuring.

Make your own teddy bear biscuits:

- 150g softened butter
- 75g caster sugar
- 200g self raising flour
- 1 tbsp cocoa powder
- Icing sugat

Preheat your oven to 180c. Beat the butter and sugar together until it is fluffy. Add the flour and cocoa powder. Mix together then use your hands until it is a soft dough. Form into a bear shape and bake in the oven for 12-15 minutes.

#30- Yummy Picnic

Picnics are great for any age in any weather. Have a picnic in your local park, your garden or even your front room! Write a menu together and let your child help make the yummy food. Invite your child's friends or bring their teddy for even more fun. Having a picnic is a great opportunity to spend time together, and it can be as simple as enjoying some fruit and water on a tea-towel!

We would love to see any learning you do at home with your child. Please share what you get up to at home on Tapestry so we can talk about it with your child!
